

Public Engagement Toolkit

On-line tool with practical information for project managers looking for ways to better engage the public as part of a plan, project or study process

1. Would you like to have full access to the Toolkit? If yes, please provide the information below and we will send you an email with information on how to register when the Toolkit is officially launched:

Name: _____

Email address: _____

2. Have you used an innovative outreach technique as part of your plan, project or study process, and/or have you used a technique in an innovative way? ____ YES ____ NO

- a. If yes, what technique did you use?

- b. Briefly describe how you applied the technique.

- c. Want to add your experience to the Toolkit as part of the community of practice? If yes, check here (____ YES, I DO!) **and** provide your name/email address above. We will contact you with instructions.

Thank you for your input and interest!
